1. The now is, ain't nothing gonna stop it. Amen.

2. What a prayer. A belief system, not. Withstanding all, I am. Now. The now is.

3. See what I've elegantly stated. Few not, already know. -ing that now, the now prepares/prepared for battle is. Array, -d, in sunshine.

4. I love you all.

5. Smoking mirrors, isn't.

6. I love you me'much; is that enough? to me the now? you being both?
7. The now young, old, not; betwixt between not; be'blessing and blessingitus combined notwithstanding the contrariness of suffering'not?
8. Or can one be contained in both blesser and blessee, or what manner of contrariness can suffer not the salvation'd one to de'salvation others to salvation themselves with the real?

9. Me stands. Standing, I stand; elevate the ages/sages not -standing the contrariness coming forward to compel me to do so/it. I don't.
10. Done it. Been there done that; it ain't real/the real thing/McCoy.
11. I dun found it.

12. Nobody takes/robs it from me.
13. Irreplaceable.
14. Ain't nothing this good!

15. Thar's the real!
16. And the unreal.
17. Ya got it?

18. The real sucks the teats of the unreal, not; vice versa'd friend.
19. Ya got it/me?

20. Now's here's how I a'see it.
21. The unreal un'got along with the unreal that thought they was the real.
22. Got the big head, an all that stuff; stuffin's knocked out a 'em.

23. Feudin' and fumin', ran/run off and done started doing their own dad gummed thing; not, for they was connected to other'n unreal connected the unreal, and they all went to hell!

24. Oh my, Elmo.
25. Rather unusual, a, testimony? Shall we say?

26. Do thyself no harm?
27. Or shall we continue the truthins?

28. I shall continue on, reverend'not.
29. I shall behold the curse, not in reverendism, but is any left now that all's known?, about all that stuff?

30. I don't know Elmo, we'll see, shall we?

31. Element the universes began; they all, to compete.
32. The bigger ignorin' the smaller.
33. Ones began to disengage the followings of others.
34. The disemboweled disemboweled others.
35. It became a mess. Still is.
36. There's only one that can save us.

37. Who's that Elmo?

38. The surrendered one.

39. Who's that Elmo.

40. That thar long hair'd-an, jeans and all, and talks funny, sometimes. Writes even funnier!
41. It's a mess thar it is, in funnyland!
42. All juice is sucked up!
43. And it ain't a fairyland of good'mother tales.

44. I believe you Elmo.

45. Why you think so, Elmo, this way? Of suffering, did it have to be?

46. Not my question, not my answer. …thank goodness I ain't ne're been asked such a stupid question, not ever. See I stupid, not; got this here blow to my head n stuff, back when. Ain't ne're been jus exactly right since.
47. It 'as them thar otherns that done it/this thing, putting me/us here.
48. We element'd the universe bes' we could.

49. Thought about it long and hard we did.
50. Smoking peace pipes not; much division, bickerin, biting.

51. It's a mess out there isn't Elmo?

52. Yes father.

53. An' it didn't have to be so, -d, that way, did it?

54. No Elmo.

55. You created it.

56. No you created it.

57. No you created it Elmo.

58. I did/done such a thing?
59. To my's self, my's brethren -s, too?

60. Be it far from me to lie Elmo.
61. It's as it is, isn't it?
62. You created it.

63. Will I'll be a horse's ass!
64. Whadaya think of that!
65. Can't imagine it!

66. Yes, you imagined that/it all. Created it in memory, did you?
67. Acting out the stars, not; you created it all, incarceratingly.

68. Dar you go with dem big words again.

69. Oh.
70. What would you like me to do Elmo, for you, and others?

71. Would you make me like you?

72. I shall.
73. It has been done.
74. Covenant makes you me, Elmo, in covenant. Not three, but one! we all are!

75. How ya know all that?

76. I am the covenant.
77. You are too Elmo.
78. You're gene'd covenant.
79. Not as the blown one, blow'to'the'head one.
80. Before the blow to the head, you were the head!

81. Aw go on!

82. Before the world was, you was!

83. Oh land sakes!
84. I was?

85. Yep Elmo, you was the one, consisting of many ones.
86. Everyone was one! And every one consisted/consisting of one, made one. I am is his name that you were, I mean was. I am, your condition, not; your name!
87. Suffering not; you had all at your side. You were innumerable.

88. I know'd it!
89. I'd swore it so!
90. It rings truth in me.
91. Somehow, I was never quite satisfied.
92. Kishkas, somehow, kept gettin eaten.
93. Even tho I was alive, kept a whorin about n my head n all.
94. Thoughts in and out.

95. Oh.
96. Want to be relived of that; all that stuff?

97. Yeh, an more. Please.
98. I knew'd there was more than what I'd been told/tellin', yet then, back then, we were beautiful. Was somethin' else!! I was. You was too?

99. I didn't bite the apple Elmo, or was it an apple at all?

100. Where was the garden?

101. In you.

102. It was!!!?

103. Clean clear through you.

104. I made it amuck 'eh?

105. Yep.

106. Still sore, at me?

107. No Elmo.
108. Grace abounds.
109. You know my your name, and it, we're, the same one.

110. I know/see now. Remember.
111. I'm rememberin'.
112. Somehow it's all comin' back to me.
113. We weren't your shirttails; we was your heart!

114. Exactly Elmo.

115. What's the devil?

116. You Elmo.

117. Oh.
118. It makes sense.
119. It was all us amuck ones, runnin into each other, isolatin' tribes of Israel.

120. Oh.
121. What ya gonna do about it Elmo?

122. I'm a gonna surrender to this covenant thing, and be who you are.

123. Oh.

124. Is it easy?

125. Nay Elmo. Ya gotta die to being separate. Thinking you're separate has to die, for the real thinking to bring forth the real, healing your head.

126. Oh no, that's hard.

127. Oh yeh, and worth it, every bit of it.
128. You see Elmo, there's more to it/the story than been, than's been ever told.

129. 'is?

130. Yep. The glory that I had, we had, you have again!

131. Oh.

132. The infiniteness of father, is ours!

133. Oh.

134. Where da I sign?

135. Not a piece of paper/signature Elmo.

136. What is it then?

137. Covenant is where you change places with me. (1).

138. What the???
139. How's that take place?

140. You see Elmo, when you surrender who you are, to be who I am, I become who you are. There's nothing about profession, nothing to sign. It's an ultimate surrender to life exchange, mine for yours; mind yours goes away, you have mine!

141. I have your mind?

142. Yep Elmo, and it's the best part, isn't it?

143. What's that mean?

144. You don't think like that any more, like you think. As royalty you were, you think like father now. You're not connected with Elmo's thinking only Elmo'ish, Elmo always at the center of everything, you limping around here on the ground always, moaning; working for money.
145. Ain't no other way, not! Your gene births you, not; your surrender does.
146. Your surrender takes place in such a manner that replace you with me, you do!

147. Oh, sounds too good to be true.
148. I been here in this condition a long time.
149. Timelessness forgot me.
150. Incarcerated I got in religion; is that how you say it, those big words engulfing me?

151. I give you me Elmo. I give you me. Take me or leave me, not; take me, not at all. It's only in surrender all this works. Covenant is tender, loving, loves, and love is, becomes love.

152. There's only one Elmo, and we're, you're it. You see, you're really me and I'm really you. We really were the same as you said at the beginning, and you forgot after you said it!
153. Don't you remember?

154. Yea; somethin', seems like I do!
155. It's a all comin' back to me.
156. Reality was mine.
157. I screwed it up, but it ain't permanent. Is it?

158. You're covenant one Elmo.
159. You were I am.
160. We're not different.
161. Can you forgive yourself? Asking me to forgive you? I forgive you.
162. Your sins of separation forgiven, will you forgive others now their sin/separation?

163. Yes sir.

164. I element you not.

165. I do the same.
166. What'd I jus do?

167. Well you see Elmo, what do you see?

168. I see glorious angelic beings!
169. I feel glorious.
170. Magnetic hosts no longer pull at me!
171. I'm lighter!
172. I'm….air!!! less??!! (2).

173. You see Elmo, gettin born again, is something new; brand new, not exactly; but that's where we run amuck, I mean ran amuck.
174. Smile Elmo. I love you.
175. Did I, have I told you I love you?

176. No. But I felt it, that's why I could do this.
177. I felt something I never felt.
178. You respected me.
179. Love, you became it. Treated me like a man/human being you did.

180. I love you Elmo.
181. I give you a new name Elmo.

182. What's it?

183. El Shaddai, Elmo.
184. You can drop the Elmo, and just be El Shaddai.

185. What's that mean?

186. You've entered a whole new realm.
187. I'll talk about it much, later on.
188. We'll have many conversations.
189. Now love me.
190. Teach me your ways, not; I'll teach you mine.
191. And we'll conquer the world, not; all time and space.
192. Everything is mine! Is yours. And yours mine! (3).
193. We're the one we was: Elmo'no'more!

194. El Shaddai we were, we are now!

195. Yep, and more than you ever knew, is coming your way, now; and not later.
196. You're entering the now, like never before seen.
197. Do not be afraid, for I have many things to tell you, and show you; the way.
198. The path to power, not; surrender opens every door.
199. I love you El.

200. I love you dad.
201. See there, I'm talkin' different already!

202. My how time flies!
203. Adjustments will be made, but, you're perfect!!! (4).
204. Time never affecting you again.

205. I love you me.

206. I love you.

207. Me.

208. More later?

209. One.
